### **Home Tutoring**

In the case of extended illness, parents should request home teaching by contacting the school principal and/or child's teacher. However, even if home teaching is not necessary, students, parents and teachers should communicate so that work can be sent home during periods of illness. A minimum of one (1) day is needed to fulfill a request for schoolwork to be sent home.

### **Homework Guidelines**

Homework is an integral part of the educational process. When effectively planned, assigned, and evaluated it encourages and measures the development of basic skills, self-discipline, and associated good work habits.

Homework can be assigned to a group or individual and should serve one or more of the four purposes listed below:

1. Practice to help students master specific skills (limited to materials presented in class).
2. Preparation for future lessons.
3. Extension to help determine if students can transfer specific skills or concepts to new situations.
4. Assignments involving creativity to integrate many skills and concepts.

### **Make-up Work**

Students who are absent from class or school have the responsibility to complete make-up work or tests **upon their return to class or school**. The student must take the initiative in making the necessary arrangements with their teachers to complete this work within the designated time frame as established by the teacher.

## **Study Skills**

The following is a list of suggestions that may help students with their studies:

1. Eat a good breakfast in the morning.
2. Get plenty of sleep at night.
3. Attend school and classes regularly.
4. Pay attention in class and listen carefully.
5. Participate actively in class recitations and discussions.
6. Take notes in class, using a separate section in your notebook for each course.
7. Write down the assignments to be studied.
8. Make and keep a time schedule for study.
9. Ask questions when you do not understand.
10. Prepare for examinations by doing your work day by day, and by reviewing your notebook and textbook.
11. Take advantage of the periods to get individual help from your teachers when you need it.

## **Attendance Philosophy**

There is a positive correlation between regular attendance at school and academic success. Our school has an obligation to expect regular attendance and punctuality from our students in school and class. Students have a responsibility to come to school regularly and be on time to school and to all their classes. Parents have a responsibility to see that their children meet these requirements. Excessive absences and/or tardiness will be addressed through written and verbal communication. Parent/guardian, social worker and administrator involvement may be necessary if the problem persists.

Letters will be sent to parents/guardians of students who are absent/tardy every 5, 10, 15, 20, 25 days. Individual teachers have developed classroom discipline plans that establish consequences regarding tardiness to their classes. Students chronically late to school or classes will be referred to the Main Office and contact will be made by the social worker.

**If a student does arrive to school late, the parent/guardian MUST sign in at the Main Office.**

## **Compulsory Education Law**

According to the School Law of the State of New York, all children between the ages of 6 and 16 must be in attendance at school at all times during which the school is in session. The following are excused absences:

1. Illness of student.
2. Severe storm or impassible roads.
3. Death or severe illness in the immediate family. This does not, however, provide for continual absences.
4. Religious observances.
5. Required presence in court.
6. Approved college visits.
7. Military obligations.
8. Medical or dental appointments.

**Whenever possible, medical and dental appointments are to be scheduled outside of school time. Students having such appointments on a regular basis should schedule them so as to avoid missing the same class each time.**

The following are unexcused absences and within the meaning of the compulsory education law will not be accepted:

1. Family trips or vacations.
2. Employment-including paper routes and babysitting.
3. Shopping.
4. Job hunting.
5. Truancy from school.
6. Hunting, fishing, sports events, concerts, etc.

## **Early Release from School**

**To be excused early from school for any reason, a student must bring a note from the parent or guardian on the day that he/she wishes to be excused. This excuse should be given to the classroom teacher as soon as the child enters school in the morning.** Students may not leave the school without prior permission from the school nurse or an administrator, and from the Main Office. Students will only be released to their parent, guardian, or some other adult designated in writing by their parent or guardian. To be released due to sickness during the school day, students must report to the school nurse to receive permission to leave. A student should receive permission from his/her teacher prior to reporting to the Health Office. Any student leaving school without permission is subject to disciplinary action.

## Policies and Procedures

To gain proper credit for daily attendance, the following procedures should be followed:

1. All students who attend Whitesboro Central Elementary Schools must be in their class before:
  - Westmoreland Road: 8:45 a.m.
  - Deerfield, Harts Hill and Marcy: 9:20 a.m.
  - Any student arriving **after the designated time** is to report to the Main Office immediately to receive a pass to enter class. Students will not be allowed into class without this pass.
2. In the event a student feels ill during the school day, the student will be sent to the Nurse's Office for an evaluation and the nurse may make the decision to send the student home. If this occurs, the parent or emergency contact person will be notified and arrangements made to send the student home. The parent or guardian will report to the Main Office in order to sign the student out of school.
3. **When a student is absent, the parent or guardian should call Deerfield, Hart's Hill and Marcy Elementary Schools before 9:20 a.m. and Westmoreland Road Elementary School before 8:45 a.m.**
4. Notes for absence, tardiness, or early dismissal: Parent-written notes are required to excuse absences, tardiness to school or early dismissal. Notes for absences are to be turned in to the student's teacher. The student must present notes for tardiness or early dismissal directly to the classroom teacher. **All notes must include the following information and be handed in on the day the student returns to school:**
  - Student's full name.
  - Date(s) of absence, tardiness, or early dismissal.
  - Specific reason for the absence, tardiness, or early dismissal per New York state regulations; i.e., illness, medical appointment, college visit, etc.
  - Contact telephone number for destination, if applicable.

### Bus Changes -

- These only will be made if room exists on the bus. **ALL** bus changes for the day **MUST** be made in writing on a **DAILY** basis.

## Activities and Clubs

### **Parent-Teacher Organization (PTO/Parent Teacher Association (PTA)):**

Our PTO/PTA is comprised of parents, teachers, and administration. This organization sponsors many activities, projects, and assemblies that support the academic endeavors of our district and individual school.

**Yearbook:** The Yearbook staff puts many dedicated hours into creating a book of memories for our students. In some schools the PTO/PTA coordinates the Yearbook, while in others, the Yearbook is student directed with teacher support.

## Fundraising

- If you are bringing your child to school after school has begun, you will need to sign him/her in. If you are volunteering or visiting for any reason, you will need to sign in and obtain a pass that must be worn visibly.

### **Please note the following procedures with regard to having lunch with your child/children:**

1. This occurrence is limited to parents/guardians only (no siblings, grandparents, etc.).
2. No fast foods, soda, or glass containers are to be brought in for lunch.
3. You must sign in and obtain a pass before proceeding to the cafeteria.
4. Parents are not permitted to accompany their child/children to recess.
5. Many schools will have designated parent tables for lunch with their children.

**Dignity For All Students Act (DASA)**  
**Harassment And Discrimination Is Prohibited At School**

You should never feel that it is not safe to come to school and participate in all school activities. You should never be prevented from concentrating on your schoolwork because another student or a school staff member is teasing you, making fun of you, pushing you around, or threatening you in some way, because of your race, color, weight, national origin (where your family comes from), ethnic group, religion, religious practices, disability, sexual orientation, gender (including gender identity or expression), or sex, or for any other reason.

A student may not act toward another student in a way that reasonably might make that other student feel threatened or unsafe, or that might reasonably make that other student unable to concentrate on their school work, because of the other student's race, color weight, national origin, ethnic group, religion, religious practices, disability, sexual orientation, gender, or sex or for any other reason. It is against school rules for any student or school staff member to do this by physical actions or by verbal statements, including electronic messages. This kind of conduct is prohibited on school property, on school buses, and at all school-sponsored events.

Should you have a concern related to harassment or discrimination that you wish to report, you may do so by contacting the appropriate Dignity Act Coordinator.

### **Glossary of Disciplinary Action**

The goal of the disciplinary program at Whitesboro Central School is to effect positive change in students' behavior. It is an attempt to modify behaviors from unacceptable to acceptable levels. Consequently, there are various forms of action that may result from inappropriate behavior or from violating school rules, regulations or policies. **THESE ACTIONS MAY INCLUDE, BUT ARE NOT LIMITED TO, THE FOLLOWING:**

1. **Warning-** An administrative request made to a student in order to correct a behavior.
2. **Parent Conference-** Held with appropriate individuals, which may include teacher, counselor, administrator, and student.
3. **Activity Suspension-** The student is suspended from attendance or participation in school sponsored activities. Student is not suspended from class or from the building. Parent is notified.
4. **Detention-** This is held after school. The student is obligated to attend as scheduled. If absent or excused on the day of a scheduled detention, the date of the detention is automatically changed to the next detention date. If you cannot attend detention as scheduled, you must make arrangements to be excused IN ADVANCE.

5. **In-School Suspension**-The student is directed to the in-school suspension room form part or all of the school day. Arrangements are made for the student to obtain class work, but the student is not allowed to attend classes from which he or she has been suspended. A member of the staff or substitute supervises the in-school suspension room when possible. It is an area of absolute quiet and restricted study. Students are not allowed to socialize with other students while on in-school suspension.
6. **Out-of-School Suspension**-The student is suspended from the building and all classes for a definite period of time, up to a maximum of five (5) days. This period of time may be extended or duplicated by the superintendent. A student suspended from school may not appear or loiter on school property or at any school-sponsored event at or away from school. It will be the suspended student's responsibility to make up all work missed during the suspension period. ## **Guidelines to Phases of Discipline**

### **K-5 Disciplinary Procedures**

1. Consistency is the essential requirement of any disciplinary policy. To maintain this consistency, the following steps constitute the usual procedure in behavior control:
  - a. Verbal consultation between teacher and student.
  - b. Teacher-principal conferences (may include student).
  - c. Principal-student conferences.
  - d. Principal-parent-teacher-student conferences.
  - e. Consultation with principal and Pupil Personnel Team which may, if necessary, result in referral to family court.

The purpose of all discipline is to teach students appropriate and constructive behaviors. Disciplinary measures shall be appropriate to the seriousness of the offense and, where applicable, to the previous discipline record of the student.

This code divides types of misbehaviors into four levels of increasing seriousness, with more stringent disciplinary measures provided at each level. At each level there are examples of infractions to be treated at that level. The list is intended to be descriptive, rather than exhaustive. Each level also has a description of procedures that school officials should follow in administering discipline, and a menu of disciplinary choices. Because each child and misbehavior is different, school officials should tailor the discipline for each infraction to best encourage the child to make better choices in the future.

**Level A**-These misbehaviors constitute minor infractions of school rules, which cause little harm and minimal disruption. They are best handled quickly and informally. If the behaviors continue, however, their very persistence may make them disruptive enough to cause them to be treated as more serious infractions with more stringent consequences.

### **Classroom Infractions**

**Teacher**-Dealing with routine classroom disciplinary problems such as disruptive behavior, negative influence, unexcused tardiness, academic misconduct, being unprepared for class, etc.

The teacher represents the first line of authority in dealing with routine behavioral problems, which interfere with the teaching/learning process.

**Note: For any severe offenses, involve administration immediately.**

### **Examples of outside classroom infractions:**

1. Failure to follow instructions.
2. Neglect of safety rules.
3. Violations of study hall privilege.
4. Abuse of hall, locker, or library privileges.
5. Tardiness.
6. Inappropriate language.
7. Failure to bring in a note for absence from school.
8. Taunting and/or teasing of others.
9. School disruption.
10. Inappropriate display of affection.
11. Verbal altercation between two or more students.

12. Littering or leaving removable graffiti in the building.
13. Violation of library rules and regulations.
14. Use of electronic devices such as radios, CDs, pagers, cell phones and audio/video recording equipment (unless approved by the administration).
15. Inappropriate attire that is unsafe, revealing, or has a message that is socially offensive.
16. Skirmish.

**Optional Disciplinary Responses:**

- A. Verbal reprimand.

- L. Any combination of the above.

**Level B-** Misbehaviors included at this level are frequent and/or serious enough to disrupt the learning climate of the school and affect the student's own ability to learn. Some of the infractions may be a result of misbehaviors that have continued to occur even after disciplinary measures have been taken under Level A. Because of the frequency and/or seriousness of these misbehaviors, the administrator assumes the major responsibility for corrective action.

**Examples of Infractions:**

- A. Unmodified Level A misbehavior.
- B. Harassment of other students.
- C. Repeated misbehavior on the school bus.
- D. Petty theft.
- E. Gambling.

- G. Possession or distribution of pornographic materials.
- H. Leaving school without permission.
- I. Defiance and insubordination.
- J. Forgery.
- K. Cutting scheduled classes or detention.

- L. Harassment graffiti.
- M. Truancy.
- N. Reckless endangerment.
- O. Possession of lighters, matches, or other incendiary devices.
- P. Unauthorized possession or use of laser pointers, pens, or other laser-related devices.
- Q. Verbal threats of physical harm.

**Procedure:**

1. The teacher or observer reports the infraction or refers the student to the administrator. A written report will be submitted to appropriate personnel.
2. The administrator meets with the student and/or the teacher and determines the most appropriate disciplinary response, and then informs the teacher of the action taken.
3. The parent or person responsible for parental control shall be notified.
4. The administrator maintains a record of the offense and the disciplinary action taken.

**Optional Disciplinary Responses:**

- A. Continuation of the more stringent Level A options.
- B. Recommend or refer for sustained counseling.

**Level C**-Classified at this level are behaviors which may cause lasting harm to the misbehaving student or which may threaten the health, safety, or emotional well-being of others in the school. If the misbehaviors at this level could violate criminal laws, administrators may, if they consider it appropriate, contact law enforcement officials. In most cases, however, these behaviors can be best addressed through disciplinary action taken at the school.

### **Examples of Infractions:**

1. Unmodified Level B misbehavior.
2. Repeated truancy.
3. Sale, possession, or use of tobacco products on school property or school bus.

14. Verbal, written or electronic communication which demeans or ridicules on the basis of race, gender, religion, sexual orientation, or ethnicity.
15. Possessing or using a pellet or BB gun on school property or at related events.

### **Procedures:**

1. The infraction is reported or the administrator investigates further and confers with staff members on the circumstances and immediate needs.
2. The administrator confers with the student and parent or person responsible for parental control about the documented misbehavior, its extent and consequences, and subsequent disciplinary action. If suspension is part of the action, the administrator follows appropriate procedures.
3. If appropriate, the administrator contacts law enforcement officials.
4. Written statements are taken as needed.

### **Optional Disciplinary Responses:**

- A. Continuation of appropriate Level B Options.
- B. Full withdrawal from participation in school activities (including field trips).
- C. Restitution for damages.

- F. Out-of-school suspension.
- G. Referral to superintendent for possible hearing.
- H. Referral to judicial system.
- I. Any combination of above.

**Level D**-Except for unmodified Level C behavior, the acts listed at this level are clearly criminal. They represent a direct and immediate threat to the welfare of others or may result in serious injury to the student, other people, or property. In most cases, they require administrative action, which immediately removes the student from school and calls for the intervention of appropriate authorities.

**Examples of Infractions:**

1. Unmodified Level C misbehavior.
2. Possession and/or sale of stolen property.
3. Extortion from other students.
4. Indecent exposure.
5. Tampering with a fire alarm.

**Procedures:**

1. Having verified the offense, the administrator meets with all of those involved.
2. The principal initiates procedures according to established policy for excluding the students from school and notifies the parents or persons in parental control immediately.
3. The principal informs the superintendent.
4. School officials contact the proper authorities and assist in the prosecuting of the offender when appropriate.
5. The principal submits a complete and accurate record to the superintendent for possible board action.

### **Optional Disciplinary Responses:**

- A. Full restitution of damages.
- B. In-school suspension.
- C. Out-of-school suspension.

- E. Superintendent's hearing.
- F. Referral to appropriate agencies.
- G. Any combination of the above.

### **REMOVAL OF DISRUPTIVE STUDENTS FROM THE CLASSROOM AND SCHOOL PROPERTY**

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting (not in the hallway unsupervised). Such practices may include, but are not limited to, (1) short-term "time out" in a designated area with supervision, or (2) sending a student to the social worker or psychologist. Time-honored classroom management techniques such as these do not constitute disciplinary removal for purposes of this code.

### **Student Suspension from School**

1. When suspension of a student from attendance for a period of five days or less pursuant to section 3214(3) of the Education Law is proposed, school officials shall immediately notify the parents or the persons in parental control in writing that the student may be suspended from school. Written notices shall be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within 24 hours of the decision to propose suspension at the last known address or addresses of the parent or persons in parental control. Where possible, notification shall also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents or persons in parental control. Such notice shall provide a description of the incident(s) for which suspension is proposed and shall inform the parents, or persons in parental control, of their right to request and informal conference either on the phone or in person.

2. The suspension of pupils for a period in excess of five (5) school days shall be conducted in accordance with regulations of Section 3214 of the Education Law.
3. Pupils who repeatedly are substantially disruptive to the educational process or who substantially interfere with the teacher's authority in the classroom shall be subject to a minimum out-of-school suspension of two (2) days. A student who is repeatedly substantially disruptive of the educational process or substantially interferes with the teacher's authority in the classroom is defined as one who is removed from the classroom by a teacher more than four (4) times in one marking period. Such suspension period may be reduced on a case-by-case basis.

## **Policy on Playground and Cafeteria Regulations**

### **Playground Behavior:**

1. When the weather permits, students will go outside for recess. It is imperative that they wear proper attire for the type of weather that prevails. Our elementary team of administration, nurse, teachers and teacher aides has the right to keep students inside from recess if proper attire is not worn.
2. During inclement weather, students will remain in the building. **Recess will be provided only if space becomes available.**
3. Students are to walk to and from the play area using the designated doors.
4. Students will play inside the announced areas and are to stay outside unless they have the permission of the teacher/teacher aide on duty to return to the building.
5. Snowball throwing, ice, or other objects that may cause injury are not allowed. During the winter students should refrain from sliding or playing on icy areas. Sliding down a slippery hill is permitted only with adult consent from the duty person.
6. In the event of an injury, the adult on duty must be notified immediately.
7. Students should not interfere with games in progress by their classmates and must show proper respect for the duty staff at all times.
8. Students who do not cooperate by following the recess rules will be suspended from the play period and will remain in the classroom.
9. Hardball bats and hardballs are not allowed on the playground. Softballs can be used during games under supervision.
10. Rules governing the use of specific playground equipment will be reviewed by the duty staff and announce to students at the beginning of each week.

### **Cafeteria Behavior:**

1. Students will walk to the cafeteria and will enter the cafeteria and wait in line like ladies and gentlemen. They will go through the line and take a seat at their assigned cafeteria table.
2. Students may talk in a **LOW VOICE** during the lunch period and will give their attention to the duty staff when requested. This may be done by using a whistle.
3. Students must remain seated unless permission to leave is given by the duty staff. Proper table manners are to be followed at all times.
4. Students must show proper respect for adults in the cafeteria and the cafeteria line. All food must be picked up from the floor and table before leaving the cafeteria.
5. Students **MUST** follow the posted rules in the cafeteria.

### **NOTE:**

**The above consequences listed in all phases are intended to serve as a GUIDELINE to students and parents. Its purpose is to make students aware of the consequences for inappropriate behaviors. The incidents and consequences shown above are NOT EXHAUSTIVE, NOR ARE THEY INTENDED TO BE ALL-INCLUSIVE.**

**The administrators have the delegated authority to apply the discipline procedures listed above and may deviate from the prescribed consequences for particular infractions if, in their judgment, the individual situation so warrants, based on the circumstances, number of previous problems and intent.**

**In cases of chronic repeat offenses, the student may be suspended from school five (5) days pending a superintendent's hearing. Students who exhibit behavior that appears "out of control" may be referred to the Teacher Support Team for further review and recommendations. Recommendations may include: academic or psychological testing, referral to Committee on Special Education (CSE), and referral to Oneida County Department of Social Services or Probation, and/or alternative academic programs.**

# **Appendix A**

## **Bus Discipline Procedures**

### **Our Philosophy**

We believe all students can behave appropriately and safely while riding on a school bus. We will not tolerate any student stopping drivers from doing their job or preventing other students from having safe transportation.

### **Our Bus Rules**

1. Follow directions of the driver at all times.
2. Stay seated in your seat at all times.
3. Keep all parts of your body in the bus and to yourself.
4. No pushing, shoving, or fighting at any time.
5. No eating, drinking, smoking or spitting.
6. Do not litter, write on, or damage the bus in any way.
7. Do not use profanity, rude gestures, tease or harass anyone on the bus.

### **If a Student Chooses to Break a Rule**

First Time:	Driver verbally warns students and documents in daily log.
Second Time:	Parents contacted by driver or bus garage personnel, documented on daily log (probationary period begins).
Third Time:	Bus Conduct Form issued, parents contacted by Building Administrator/Coordinating Teacher. Three (3) day bus suspension plus suspension from all bus riding privileges for that period.
Fourth Time:	Five (5) day bus suspension from all bus riding privileges for that period. Parents contacted by the Building Administrator/Coordination Teacher.
Fifth Time:	Principal's Hearing.
Sixth Time:	Superintendent's Hearing.

## Severe Disruption

The following inappropriate behavior will result in suspension of transportation privileges immediately:

1. Physical harm to a student (may result in arrest).
2. Physical harm or threat of physical harm to driver (may result in arrest).
3. Failure to give a correct name when asked.

## Appendix B

### Handicapped Student Discipline Procedures

When a handicapped student violates the discipline code of the school that he/she attends, a meeting of the building administrator and the special education teacher shall be held to determine:

- A. Whether the student is capable of following the school discipline code:
  1. Was the behavior the result of an **inability to understand** the rules?
  2. Was the behavior the result of an **inability to control** inappropriate behavior?
- B. If the student is capable of following the discipline code despite his/her handicap, and then the appropriate school regulations will be followed.
- C. If the student is not capable of following the school discipline code because he or she cannot understand the regulations, appropriate actions to ensure understanding will be attempted.
- D. If the student is found to be incapable of following the school discipline code after reasonable efforts have been made to obtain cooperation, because he or she cannot control his or her appropriate behavior, then the teacher or administrator will refer the student to the Committee on Special Education (CSE).
- E. The Committee on Special Education can modify the student's Individual Education Program, if appropriate, to include alternatives and options for dealing with inappropriate behavior, such as being sent to a "time out" area, in-school suspension, being sent home, loss of privileges, etc.
- F. If a handicapped student's behavior is determined to be dangerous to himself or others, then the building administrator must take immediate and appropriate action, followed by immediate notification of the home school and referral to the Committee on Special Education (CSE).

If such action includes suspension of the student, all legal procedures must be followed, including notification of the reasons for suspending the student, opportunity for the student to respond, opportunity for a parent conference, and Superintendent's Hearing if suspension is for more than five (5) days.

The Board of Education will review this policy annually and amend when appropriate.

### **Nondiscrimination in an Educational Setting/Prohibition of Discrimination, Harassment and Bullying**

It is the policy of the Whitesboro Central School District that there be no discrimination against or in favor of any district student, employee, or job applicant on the basis of sex, age, race, creed, color, national origin, gender, gender identity, religion or disability. The district does not tolerate harassment by anyone in one of the aforementioned protected groups. All employees and students must avoid such harassment, and are responsible for assuring that the schools are free from such harassment at all times. Any employee or student who feels he or she is a victim of any such act of discrimination or harassment may file a complaint under one of these policies with the DASA Coordinator, Mr. David Russo, Assistant Superintendent, Whitesboro Central School, District Office, 67 Whitesboro Street, Yorkville, NY 13495, telephone number 266-3302. In finding that an employee or student has engaged in conduct constituting such harassment may result in disciplinary action against such employee or student in the manner prescribed by law.

### **Sexual Harassment**

The Whitesboro Central School District policies prohibits employees, students and other individuals from making unwelcome sexual advances, requests for sexual favors, threats and other verbal or physical conduct of a sexual nature to other employees or students when (1) submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment or education, or (2) submission to or rejection of such conduct by an individual is used as the basis for employment or education decisions affecting such individual, or (3) such has the purpose or effect of unreasonable interfering with an individual's work or school performance, or creating an intimidating, hostile, or offensive working or learning environment. Examples of conduct that may be interpreted as sexual harassment include, but are not

limited to, lewd or sexually suggestive comments; off-color language; jokes of a sexual nature; sexual slurs and other verbal, graphic or physical conduct relating to an individual's sex; and the display of sexually-explicit pictures, clothing, greeting cards, articles, books, magazines, photographs, or cartoons.

### **Investigative Procedure**

Complaints of prohibited harassment or any other types of discrimination on the basis of sex, age, race, creed, color, national origin, religion or disability, including alleged violations of Title IX of the Education Amendments of 1972, and of Section 504 of the Rehabilitative Act of 1973, or the regulations thereunder, will be promptly and thoroughly investigated if reported to the appropriate DASA Coordinators, Assistant Principal, Principal, or the Compliance Coordinator (Mr. David Russo, Assistant Superintendent).

## **Appendix D**

### **Section 504-Discrimination Against Persons With a Disability**

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a disability in any program receiving federal financial assistance. Section 504 defines a person with a disability as anyone whom:

1. Has a mental or physical impairment which substantially limits one or more major life activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working;
2. Has a record of such impairment; or
3. Is regarded as having such an impairment.

The Whitesboro Central School District acknowledges its responsibility under Section 504 to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability shall knowingly be permitted in any program or practices in the school district.

Under Section 504, the school district has the responsibility to identify, evaluate and, if the student is determined to be eligible under Section 504, to offer access to appropriate educational services.

If the parent or person in parental authority disagrees with the determination made by the professional staff of the school district, he or she has a right to a hearing with an impartial officer or designated school official.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to:

1. Inspect and review his or her child's educational records.
2. Make copies of these records.
3. Receive a list of all individuals having access to those records.
4. Ask for an amendment to any report on the grounds that it is inaccurate, misleading or violates the child's rights.
5. A hearing on the issue if the school refuses to make the amendment.

Any alleged grievances should be reported to the Section 504 Coordinator, Director of Pupil Personnel and Human Resources Services, Whitesboro High School, 6000 Route 291, Marcy, New York 13403; telephone (315) 266-3240.

## **Appendix E**

### **STUDENT USE OF COMPUTERIZED INFORMATION RESOURCES (ACCEPTABLE USE GUIDELINES)**

#### **Program Implementation**

The Whitesboro Central School District recognizes that effective use of technology is important to our students and will be essential to them as adults. Consequently, the School System will provide access to various computerized information resources through the District's computer system (DCS hereafter) consisting of software, hardware, computer networks and electronic communications systems. This may include access to electronic mail, so called "on-line services" and "Internet." The District shall provide personnel support for such usage.

The DCS is for educational and/or research use only and must be consistent with the goals and purposes of the Whitesboro Central School District. The standards of acceptable use as well as prohibited conduct by students accessing the DCS, as outlined in District policy and regulation, are not intended to be all-inclusive. Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. In addition to the specific standards of student conduct delineated in this regulation, the general requirements of acceptable student behavior expected under the District's school conduct and discipline policy and the Code of Conduct also apply to

student access to the DCS. Communications on the network are often public in nature. General school rules for behavior and communications apply.

Legal and ethical implications of software use will be taught to students of all levels where there is such software use. In addition, the building principal or his/her designee and/or classroom teacher will be responsible for informing District students of rules and regulations governing student access to the DCS.

In order to match electronic resources as closely as possible to the approved District curriculum, District personnel will review and evaluate resources in order to offer “home pages” and menus of materials which comply with Board guidelines governing the selection of instructional materials. In this manner, staff will provide developmentally appropriate guides to students as they make use of telecommunications and electronic information resources to conduct research and other studies related to the District curriculum. As much as possible, access to the District’s computerized information resources will be designed in ways which point students to those which have been reviewed and evaluated prior to use. While students may be able to move beyond those resources to others which have not been evaluated by staff, students shall be provided with guidelines and lists of resources particularly suited to the learning objectives.

### **Standards of Conduct Governing Student Access to the District Computer System**

Inappropriate use of the DCS may result in disciplinary action, including suspension or cancellation of access. Prior to suspension or revocation of access to the DCS, students will be afforded applicable due process rights. Each student who is granted access will be responsible for that usage. The DCS is provided for students in support of their educational program and to conduct research and communicate with others. Student access to external computer networks not controlled by the District is provided to students who act in a considerate and responsible manner. Individual users of the District’s computerized information resources are responsible for their behavior and communications over the District computer network. It is presumed that users will comply with District standards and will honor the agreements they have signed.

Student data files and other electronic storage areas will be treated like school lockers. This means that such areas shall be considered to be Whitesboro Central School District property and subject to control and inspection. The computer coordinator may access all such files and communications to insure

system integrity and that users are complying with the requirements of District policy and regulations regarding student access to the DCS. Students should **NOT** expect that information stored on the DCS will be private.

During school, teachers will guide students toward appropriate materials. Outside of school, parents/guardians bear responsibility for such guidance as they do with information sources such as television, telephones, movies, radio and other potentially offensive/controversial media.

Use of the DCS which violates any aspect of Whitesboro Central School District policy; the Code of Conduct; and federal, state or local laws or regulations is strictly prohibited and may result in disciplinary action in compliance with applicable District guidelines and/or federal, state and local law including, but not limited to, suspension and/or revocation of access to the DCS. In addition to the District's general requirements governing student behavior, specific activities shall be prohibited by student users of the DCS including, but not limited to, the following:

- 1) Using the DCS to obtain, view, download, send, print, display or otherwise gain access to or to transmit materials that are unlawful, obscene, pornographic or abusive.
- 2) Use of obscene or vulgar language.
- 3) Harassing, insulting or attacking others.
- 4) Damaging, disabling or otherwise interfering with the operation of computers, computer systems, software or related equipment through physical action or by electronic means.
- 5) Using unauthorized software on the DCS.
- 6) Changing, copying, renaming, deleting, reading or otherwise accessing files or software not created by the student without express permission from the computer coordinator.
- 7) Violating copyright law, including the illegal file sharing of music, videos and software.
- 8) Employing the DCS for non-educational, commercial purposes, product advertisement or political lobbying.

- 9) Disclosing an individual password to others or using others' passwords.
- 10) Transmitting material, information or software in violation of any District policy or regulation, the District Code of Conduct, and/or federal, state and local law or regulation.
- 11) Revealing personal information about oneself or of other students including, but not limited to, disclosure of home address and/or telephone number.

Network accounts are to be used only by the authorized owner of the account. Any user of the DCS that accesses another network or computer resources shall be subject to that networks acceptable use policy.

If a student or a student's parent/guardian has a District network account, a non-district network account, or any other account or program which will enable direct or indirect access to a District computer, any access to the DCS in violation of District policy and/or regulation may result in student discipline. Indirect access to a District computer shall mean using a non-district computer in a manner which results in the user gaining access to a District computer, including access to any and all information, records or other material contained or stored in a District computer.

### **Sanctions**

- 1) Violations may result in suspension and/or revocation of student access to the DCS as determined in accordance with appropriate due process procedures.
- 2) Additional disciplinary action may be determined at the building level in accordance with existing practices and procedures regarding inappropriate language or behavior, as well as federal, state and local law.
- 3) When applicable, law enforcement agencies may be involved.

### **Security**

Security on any computer system is a high priority, especially when the system involves many users. Users of the DCS identifying a security problem on the District's system must notify the teacher in charge. A student is not to demonstrate the problem to other users. Attempts to log on to the DCS as a computer coordinator may result in restriction or suspension of user privileges.

Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the DCS. Further, any violations regarding the use and application of the DCS shall be reported by the student to the teacher in charge.

### **Notification/Authorization**

“Passive Consent” (Opt-out) Student access to the DCS will automatically be provided unless the parent has submitted written notification to the District that such access not be permitted. Procedures will be established to define the process by which parents may submit a written request to deny or rescind student use of the DCS in accordance with law, Commissioner’s Regulations and/or District policies and procedures. (5301.1, Agreement for Student Use of District Information and Technology Resources.)

## **WHITESBORO CENTRAL SCHOOL DISTRICT COMPUTERIZED INFORMATION RESOURCES PARENT/GUARDIAN NOTIFICATION/REQUEST TO DENY COMPUTER USAGE**

### **PARENT/GUARDIAN NOTIFICATION REGARDING COMPUTER USAGE**

In order to become a user of the Whitesboro Central School District’s computer facilities, equipment, and Internet accounts, I understand that it is necessary to comply with District policy and regulations for the use of technology as presently in force and as may be amended from time to time. A violation of the District’s policy and/or regulations regarding use of computerized information resources (“Acceptable Use Guidelines”) may result in the loss of computer access, disciplinary action and/or prosecution in accordance with law, regulation and/or the District Code of Conduct. I further understand that access to the computer facilities may include filtered access to the Internet.

I understand that individuals and families may be liable for violations of District policies and regulations/procedures for such use. While every reasonable effort will be made by School District personnel to monitor proper usage and provide Internet filters to questionable materials, it is the parent’s responsibility for guidance of Internet use – setting and conveying standards for their son/daughter to follow when selecting, sharing or exploring information and media. Students who abuse the acceptable use of technology on the Internet may be removed from access in accordance with applicable due process procedures.

I have reviewed the Whitesboro Central School District Acceptable Use Policy and Regulations for use of technology with my son/daughter. In consideration of the use of the Whitesboro Central School District networks and in consideration for having access to the information contained on them and an Internet account, I release the Whitesboro Central School District from any claims of any nature arising from my son/daughter's use of the Internet.

**PARENT/GUARDIAN REQUEST TO DENY  
COMPUTER USAGE**

In order to achieve the career development and technical education (occupational) learning standards articulated by the New York State Department of Education, students will be provided access to instructional materials and processes available only through the use of computers. **I understand that if I do not request, in writing, that my child not use computers, an account will be created to facilitate such access.**

Parental requests to deny student use of District computers will be considered in accordance with law and/or regulations.

**School District Public Relations/Website Permission**

From time to time the school district may wish to publish examples of student projects, photographs of students, and other work either in local print media or on the district web site. Understand that the use of a photograph and/or video image may include print and/or broadcast applications.

In the case of the district web page, district regulations state: "Web pages include only the first name and the initial of the student's last name. Pages or file names may not include a student's telephone number, address, e-mail address or names of other family members or friends."

If you object to the use of your student's work or picture being published by either of these means, complete the form provided in the back of this handbook or please notify the building administrator in writing.

## General Policies

### Accidents, Injuries, and Insurance

Student accidents must be reported immediately to the school nurse where an accident report will be filled out. The Whitesboro Central School District student accident policy furnishes medical, hospital, and dental service indemnity when accidental bodily injury is sustained while a student is engaged in a school-sponsored activity. **No benefits will be paid by this plan to the extent that benefits are payable under any other policy or prepayment plan.** This policy is only in excess of those benefits payable under family and employer policies.

### Announcements

Announcements are read daily over the public address system during the attendance. In order to be well informed on school affairs, students should listen carefully. Teachers and students wishing to have a general announcement made should obtain an announcement form from the Main Office. A completed form should be submitted to the Main Office one (1) day prior to when the announcement is to be made. An administrator must also approve it. Only essential administrative announcements or cancellations will be made at the end of the day.

### Appropriate Dress

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Teachers and all other district personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

A student's dress, grooming and appearance, including hair style/color, jewelry, makeup and nails, shall:

- a. Be safe, appropriate, and not disrupt or interfere with the educational process.
- b. Recognize that extremely brief garments including, but not limited to, tube tops, net tops, halter tops, spaghetti straps, plunging necklines (front or back) and see-through garments are not appropriate.
- c. Ensure that underwear is completely covered with outer clothing, skirts/shorts should be finger-tip length.

- d. Include footwear at all times, no flipflops or backless sandals.
- e. Not include items that are vulgar, obscene, and libelous or denigrating to others on account of race, color, religion, creed, national origin, gender, sexual orientation or disability.
- f. Not promote and/or endorse the use of alcohol, tobacco or illegal drugs and/or encourage other illegal or violent activities.
- g. Not include the wearing of hats or other headgear in the building during regular school hours except for medical or religious purposes.

If the manner of dress is such that it violates these standards, the student will be asked to make a change of clothing, and sent home if necessary to do so. Students will be responsible for any work missed as a result of leaving and returning to school.

### **Electronic Equipment**

School is not an appropriate environment to use electronic equipment that is noisy and disruptive to the educational process. The use of cell phones, tablets, computers during school hours is prohibited and such items are subject to confiscation.

### **Fines and Charges**

Students are expected to exercise reasonable care in the use of school equipment. Any damages done to library books, textbooks, or other school equipment due to misuse or negligence must be paid for. Lost or damaged textbooks will be immediately reported to the office for payment. Other school equipment that has been damaged should be reported to the building principal, who will determine if student negligence or misuse caused the damage. If this is found to be the case, the student and his/her parents or guardian will be expected to pay for the damages.

### **Physical Education Uniform**

All students in grades four and five are expected to change for physical education classes. They will be asked to purchase and wear the Whitesboro Central School District physical education uniform only.

## **Handicapped Accessibility**

The Whitesboro Elementary Schools are handicapped accessible. Handicapped parking areas are located in parking lots adjacent to the buildings. Handicapped areas have also been planned for concerts or other events held at the school. If you will need handicapped parking, please contact the Main Office one (1) day prior to the event.

Also, there are handicapped accessible restrooms in the elementary schools.

Any further questions concerning handicapped accessibility needs should be directed to the school administration.

## **Hall Passes**

All students are required to have a pass anytime they leave a class or study hall. Teachers have the authority to refuse to issue passes to any student. No student should be in the corridor during class periods, for any reason, without a pass.

## **Lost and Found**

There is a lost and found box in each of the Elementary School Buildings. The school district is not responsible for items lost. Although your locker should be locked, it is not totally secure, so please do not bring valuables to school.

## **Medication During the School Day**

School policies regarding administration of medication are consistent with procedures established by State Education Law.

For students to receive medication (prescriptions or non-prescription, including cough drops and other over-the-counter drugs) during the school day, the following procedures **MUST** be followed and renewed each year:

- The parent or legal guardian must submit a written request to the school authorities together with a written request from the prescribing physician indicating the frequency and dosage.
- The medication must be brought to the school by a responsible adult in the original container labeled with the name of the drug and the dosage.

Unless these procedures are followed, medications will **NOT** be administered in school. **Students may not carry medication with them!**

## **Public Displays of Affection**

Public displays of affection including kissing, embracing, etc., are not appropriate in school. Those students involved will first be warned. Further incidents will result in appropriate disciplinary measures and parents will be notified.

## **Safety Procedures**

We have a responsibility to maintain a safe and non-threatening environment conducive for learning. No student has the right to disrupt this environment, interfering with other students' learning or teachers' instruction. Those students who disrupt this process through their actions or words will be disciplined according to our written code of conduct. We will not tolerate any acts of harassment or threatening behavior. Those incidents should be reported to the administration. We will take the appropriate measures to maintain a safe and non-threatening environment every day for all students.

All students have a moral responsibility to report to staff any information that they may have regarding possible threats to the health and safety of others in the building. This information will be kept confidential.

## **Pesticide Notification**

Our district uses current Integrated Pest Management practices to reduce the use of pesticides in our buildings and on our grounds. It may be necessary, however, to use pesticides periodically during the year. New York State law requires that schools maintain a list of staff and parents who wish to receive written notice of forty-eight (48) hours prior to a pesticide application at their school facility. If you wish to be included on this notification list, or for further information on the district's pesticides program, please contact Kevin Storsberg, Superintendent of Building and Grounds at (315) 266-3312.

## **Main Entrance**

For the safety and security of all members of our educational community, we utilize one main entrance to the elementary schools. This door is the main entry way at all schools. All other outside doors will be locked by:

Westmoreland Road Elementary School: 8:15 a.m.

Deerfield, Harts Hill and Marcy: 9:30 a.m.

## **Emergency Drills (Bus, Fire)**

**Bus-**We are required by law to have three emergency bus drills during the school year. The purpose of these drills is to practice evacuating buses in the event that there is a fire or an accident and to learn the location and use of emergency equipment such as the axe, first-aid kit, fire extinguishers, road flares, and emergency doors and windows.

**Fire-**If a fire is detected anywhere in the building, pull the nearest alarm. Report to the nearest teacher, custodian, or office, the location of the fire and then leave the building. Law specifies that fire drills be held twelve times a year. Fire drill signs and evacuation routes are posted in every room and it is imperative that the building be quickly, quietly, and safely vacated.

The following rules are to be followed when the fire alarm sounds:

1. Everyone will leave the building quickly and quietly following your teacher's directions.
2. Once outside, move well away from the building and keep the driveways clear for the use of fire apparatus.
3. Remain quiet and attentive to further instructions.
4. Do not return to the building until the proper instructions have been given.

A school false alarm represents an intolerable hazard to safety. Anyone ringing a false alarm is subject to both a fine and imprisonment under state law. Suspension out of school, as well as prosecution, may result for anyone found guilty of this offense. Tampering with the fire-fighting equipment will also be dealt with severely.

## **School Spirit/Sportsmanship**

School spirit is loyalty to all functions of the school. A loyal student supports his or her school and does the utmost to keep his or her scholastic and activity standards at the highest level.

Good sportsmanship is important. Our behavior at school athletic events reflects upon the character and reputation of our school and us individually.

No elementary school student is to attend any extra-curricular event at the middle or high school without a parent or designated adult in control.

## **Surveillance Camera Use**

The Whitesboro Central School District promotes student, staff and visitor safety in all District facilities, grounds or buses. In order, that we may ensure a safe and effective learning environment, the Board promotes the use of surveillance cameras when necessary in all District facilities, grounds or buses. Surveillance cameras will be used in public areas and other non-public areas; except areas, such as restrooms, where there is reasonable expectation of privacy. Audio recordings will not be made in conjunction with the use of cameras. Such prohibition does not preclude the use of audio recordings by law enforcement or District personnel when used in accordance with their official duties and as authorized by law.

## **Telephones**

There is no pay phone at the elementary schools. Parents are asked to refrain from using school phones unless it is an emergency. Students who need to use the phone in the Main Office must first obtain a telephone pass from the teacher and then approval from the Main Office will be granted.

## **Textbooks**

Students are assigned textbooks for their subjects during the school year. Textbooks should be kept in good condition, and this is the responsibility of the student. A fee will be charged if textbooks are lost or damaged.

## **Tobacco, Nicotine and E-Cigarettes**

The school has an obligation to protect the health and welfare of the students in its care. Given the potential long-term harmful effects of tobacco use, documented in research and statistics presented by the surgeon general and other medical experts, school permission for student use of tobacco is inconsistent with that obligation and serves to negate the instructional objectives of the state-mandated health curriculum.

Use of possession of tobacco products, including smokeless tobacco, nicotine and E-Cigarettes is prohibited on school grounds, according to school policies and public law. This includes all school property and all school events (concerts, sporting events, etc.) and is not only limited to students, but also all persons in attendance. Violations will be referred to the administration for action as called for in the discipline code. Any person who repeatedly uses tobacco on school grounds may be reported to the Oneida County Department of Health and subject to significant fines.
