August 15, 2018

Dear Parents/Guardians,

The safety and security of our school community is essential to our purpose. Our continuing goal is ensuring safe and secure facilities for our students, staff, and visitors. To that end, we are providing you with this Parent Toolkit which includes information and recommendations on what you can do to help keep your children safe at home, in school, and online. Our objective was to create a user-friendly toolkit containing information and resources based on sound research and advice from law enforcement and other experts. Included with this letter are the following:

- A mini-version of our SHELL Response Card with law enforcement contact information on the reverse side.
- A card with links to resources for parents regarding what you can do to help keep your child safe at home, school, and online.

Both cards will be available on the district website with active links to all the sites.

We hope you find this information useful. Thank you.

Sincerely,

Dr. Brian K. Bellair
Superintendent of Schools
