# WHITESBORO CENTRAL SCHOOL BOARD OF EDUCATION

The Whitesboro Board of Education is committed to striving for higher student achievement in all of our academic and related program offerings. The Board has worked hard to allocate appropriate resources that will allow the school district to pursue the lofty goals of having all students graduate career, college, and life ready. Please review the information on this and the following page to help you better understand the role and organizational structure of the Board of Education. It is the hope of each school board member that our students enjoy a positive learning environment throughout their school experience.

As the Whitesboro Board of Education, we welcome parents, students, staff members, community residents, and other interested persons to our meetings. We appreciate your interest in and concern for our school system. The board can better represent its constituents when members of the community take the time to observe the board in action, express opinions and ask questions.

## What is the Board of Education?

The board is the official policy-making body of the school district. The Board is composed of seven members, elected by the public, who serve three-year terms of office. Board of Education members receive no paid compensation for their services.

## What are the responsibilities of the Board?

- Establish district policies.
- Identify district philosophy and direction.
- Develop an annual budget for voter approval.
- Act on the Superintendent of Schools' recommendations regarding personnel matters.
- Review programs and instructional materials.

No person or group of persons acts in the name of the Board. All motions require a majority vote before the Board can act. A board member acts in an official capacity only during an official Board meeting. The Board employs a Superintendent of Schools as the Chief Executive Office of the School District. The Superintendent of Schools is responsible for the day-to-day operations of the district and administration of Board policies, programs and plans for Board action.

## If I attend a Board meeting, must I stay until the end?

Don't worry if you have to leave early. We won't be offended. Some of you will leave at the conclusion of the "public comment" section of the agenda, some of you will stay longer and some of you will stay for the entire meeting.

## Can the public speak at Board meetings?

Normally, the Board will allow opportunities for the public to speak both at the beginning and end of each meeting. You will be asked to state your name and address before speaking. Visitor comments will be limited to three minutes each. The President will curtail discussion on a topic to ensure that others have an opportunity to speak and that there is sufficient time to consider all agenda items. The Board of Education members will not engage in dialogue with the public during this time.

**Comments relative to personnel or students are inappropriate to address in an open session and will not be allowed.**

## What is Executive Session?

Occasionally it is necessary for the board to conduct a discussion on a confidential matter which, under State Education guidelines, requires a "closed" or executive session. Such topics could include personnel matters involving a specific person, negotiations' strategies, building rental, or property acquisition. Although these discussions are not open to the public, any action on an executive session item must be taken in open public session. Executive sessions

are usually held before or near the end of meetings. Only items which fall in the executive category can be discussed during such a session.

## When and where does the Board of Education meet?

The Whitesboro Central School Board of Education typically meets at 7:00 p.m. on the first and third Tuesday of each month during the school year, and once each month in December, July and August. Meetings are held at the Administration Building at 67 Whitesboro Street in Yorkville, or at one of the school buildings in the District. Please refer to our website at [www.wboro.org](http://www.wboro.org) for updated information regarding the Board of Education meeting schedule.

## Do you have a concern?

The Board encourages parents and community members who have a concern about their children's education or other school-related problems to **try to resolve them first at the level most directly involved**, usually the classroom teacher or the building principal.

If you feel that the district officials have not brought your concern to resolution, you may contact the Board through written communication sent to the Board President at the District Office. The President will relay your concerns to the entire Board and they will discuss your problem.

## District Website

As part of continuing efforts to provide updated information to parents, students, community members, and staff, the Whitesboro CSD has transitioned to a newly redesigned website. In addition to a new appearance, the new district website includes streamlined navigation menus and dedicated buttons to help district stakeholders quickly find the information they need.

The redesigned site also includes a new district calendar, a consolidated "Upcoming Events" feed, news and announcements, and more. The new calendar system enables visitors to view all school and district calendars on a single page, with the ability to filter events by type. The new site is accessible from mobile devices, such as tablets and smartphones.

Website content will continually be added and updated during the 2013-2014 school year.

## **Parent-Teacher Association (PTA)**

Parents and teachers share a common bond in the education and development of children, so it is only natural that the PTOs or PTAs work toward the goal of making each child's school experience a happy and fruitful one. **Changes in Assigned Transportation:** All children riding buses are assigned to ride a specific bus. If parents wish their children to walk to or from school, they may do so. Parents should send in permission slips. These notes should state the time that the permission covers. It may be a blanket permission for the year or it may be for more specific occasions. **From time to time, parents may need their child to ride a different bus from school (e.g., Cub Scouts, Brownies, grandmother's house, etc.) A written request for this change must be sent to school with the child. The Main Office will furnish instructions to the bus driver. This procedure applies to any change in a child's transportation assignment.**

**Attendance and Excuses:** In New York state, there are Excused and Unexcused reasons for absence.

**Excused:** An absence, tardiness or early departure may be excused if due to personal illness, or death in the family, impassable roads due to inclement weather, religious observance, quarantine, required court appearances, attendance at health clinic, or other such reasons as may be approved by the Board of Education.

**Unexcused:** An absence, tardiness or early departure is considered unexcused if the reason for the lack of attendance does not fall into the above categories (e.g., family vacation, hunting, babysitting, haircut, attend non-school related sporting events, oversleeping) In case of illness or injury at school, parents will be notified to pick up and assume care of the child.

**Parents should call the Nurse's Office the morning of the absence. A written excuse for an absence from school is required and should be brought to school the day the child returns to school.** The excuse should include: child's name, dates of absence, reasons for absence (if illness, type), and parental signature.

**Attendance Letters:** In accordance with our Attendance Policy and the No Child Left Behind Act, parents/guardians will be receiving an Attendance Letter every 5, 10, 15, 20, 25 days that your child is absent or tardy. Excessive absences will be handled through our Social Workers' Office.

**Disciplinary Procedures:** Consistency is the essential requirement of any disciplinary policy. To maintain this consistency, we have developed procedures for discipline that are included in our Student-Parent Handbook.

**Physical Education:** Sneakers are required for all physical education classes. Children in Fourth and Fifth Grade must wear physical education uniforms for physical education class.

**Recess:** Students should not wear sandals or loose-fitting shoes on the playground. Students excused **by a doctor** from physical education for physical needs or lack of equipment are not allowed to participate in recess.

**Health Care:** The school nurse is on duty in the health office to care for students health needs. During the year, each child receives screenings for vision and hearing. Physicals are given by the school doctor to kindergarten, second, and fourth grade students unless they receive one by their family physician. **The school nurse is not allowed to dispense medication of any kind without written direction from a physician.**

**Breakfast/Lunch Program:** Balanced meals are prepared by the lunch director and are served each full school day. Meals include milk and dessert and the cost is TBD, please check our Web site for updates. Monthly menus are **sent home with each student. Children may also purchase any of the following: extra milk, ice cream and snacks for an additional fee. Free/Reduced lunch forms need to be completed yearly.**

**Building Safety:** This year we will continue to implement the following building safety procedures to ensure that your child is in a safe and secure learning environment.

1. **ALL** visitors **MUST** report to office.
2. **All visitors** must have permission from the principal, coordinating teacher, or secretary to proceed to any other area.
3. Visitors and volunteers are expected to sign in at the office and wear a visitor's badge.
4. Visitors and volunteers must sign-out and return the badge upon leaving.
5. The building principal must approve all volunteers. Volunteers must complete a volunteer application. Applications are available in the office.
6. All doors will be locked except the main door. All of the doors have crash bars and can be exited even if they are locked from the outside.
7. All students arriving or leaving the building with a parent must be signed in/out at the main office. School secretaries will call the student to the office.

**Psychological and Social Work Services:** A psychologist and social worker are available to meet with children and parents upon referral by the teacher, parent, or principal. These mental health services are focused upon preserving the child's well-being and helping him or her adjust to the school surroundings. The psychologist and social worker work closely with parents and teachers. Referrals to these specialists should be viewed as a positive step in helping children.

# MIDDLE SCHOOL CAMPUS INFORMATION

---

**After-School/Evening Student Activities:** There are many after-school/evening student activities in which students may participate. An after-school/evening student activity is defined as any approved student activity scheduled outside of regular school hours in the Whitesboro Central School District.

For more information about after-school/evening student activities contact the Main Office at each individual school.

**Report Cards/Progress Reports:** Parents should expect a report on their child's academic progress every five weeks.

**Early Release for Medical Reasons:** Students may be excused for part of the day by bringing a written request from a parent to the following offices: **Gr. 6: Main Office, Gr. 7/8: Attendance Office** during homeroom period.

## **Social Work and Guidance Services:**

The guidance counselors and social workers of the Whitesboro Middle School assist individual students in their academic and psychological growth. Meeting with individuals and groups, counselors address self-esteem, decision-making, goal setting, career planning and career information. Counselors also administer and interpret assessment tools such as achievement tests, ability tests, aptitude tests, statewide tests and interest inventories.

Another important goal of the counselors is to serve students by opening the lines of communication between students, teachers, parents, and administration. Students and parents are encouraged to share their concerns to achieve a positive middle school experience. Team meetings, parent conferences, and individual sessions are held to develop solutions to problems and a smooth passage through Middle School.

## **Health Services:**

Each student must have a physical examination, either by the school doctor or their family doctor in grades seven and ten. Vision, hearing and growth screening will be done by the nurse. It is necessary that two-way communication be maintained. Parents may help by keeping the school informed of:

- Reports of the family doctor
- Changes in the student's health status
- Telephone numbers of parents at work or at home

Reminder: all sixth grade students *must* have the Tdap immunization.

## **Homework/Make-up Due to Illness:**

Homework assignments are one of many techniques used in teaching. Assignments are a means of covering, practicing, and enriching the material covered in the classroom and many times are related to a specific concept. Therefore, the following procedures serve the student best:

- Homework Board - [www.wboro.org](http://www.wboro.org), click on middle school campus, click on departments and teams, choose your child's team and click on homework board.
- **Parents should call the Main Office at 266.3176 (grade 6) or the Middle School Attendance Office at 266.3118 (grades 7 & 8) if your child will be absent for an extended period of time. Upon return to school, students should still meet with their teachers to discuss what took place in class.**

## **Lost & Found:**

All "lost" items should be taken to the Cafeteria (grade 6) or Cafeteria (grades 7 & 8). Jackets and other personal property should be marked with the student's name.

## **Parent Teacher Organization (PTO):**

There will be a membership drive kick off to start the year. PTO monthly meetings will be the first Wednesday of every month, beginning in October, and will be held in the Parkway Library.

## **Physical Education:**

All students registered in schools in New York state are required by the Education Law to attend courses of instruction in physical education. A student who is physically handicapped will participate in as much of the program as he/she is able. Physical Education classes meet two or three times a week.

Medical excuses for physical education for more than two days require a doctor's written statement that must contain the following:

1. A recommendation that the student be excused from physical education classes, or that participation be limited.
2. A statement of the period of time for which the student needs to be excused, or placed on limited activity status.

Students in grades six through eight are required to wear physical education class uniforms in class. The uniforms include a Whitesboro Central School District T-shirt and shorts. Uniforms may be purchased through the students' physical education teachers. Sneakers are also required and are the responsibility of the individual student to provide.

## Telephone:

Student use of the telephone in the Main Office is for emergencies with permission of office staff. **CELL PHONES ARE NOT PERMITTED DURING SCHOOL HOURS (8 a.m.-2:45 p.m.).**

## Textbooks:

Textbooks are issued to students without charge. Once students accept them, they also accept the responsibility for their maintenance and safekeeping. Students will be held financially responsible for textbooks that have been damaged or lost.

Penalties for damaged or lost textbooks are levied against students to teach respect for property. Cost of textbooks can range anywhere from \$45 to \$75 a book. Therefore, students are advised to sign their name on the appropriate label in every textbook they receive and to take care of their textbooks.

## Middle School Organizations, Activities and Clubs

Whitesboro Middle School has many activities for students. Students are encouraged to become involved in the clubs/activities of their choice.

### National Junior Honor Society:

The purpose of this national organization is to create enthusiasm for **scholarship**, to stimulate a desire to render **service**, to promote **leadership**, to develop **character**, and to encourage **citizenship**. Students must have a cumulative average of 93.0 or above to be eligible. This is obtained by averaging their grades from the last two marking quarters of sixth grade and all four marking quarters of seventh grade. Students are notified about their eligibility in September of eighth grade. They will then be requested to complete a form obtaining signatures that verify their school and community service, school activities and out of school activities. In addition, a six-member Faculty Council will evaluate the students' attributes of citizenship and character. It is *not* permissible to accept students only on merit of academic achievement. According to the National Junior Honor Society handbook, "Membership in the National Junior Honor Society is both an honor and a responsibility. No student has a right to belong to the National Junior Honor Society - it is an honor that he/she must earn and is bestowed by the faculty." The annual induction ceremony takes place in October. The Whitesboro Chapter has been in existence for more than 30 years.

### Student Council:

The Student Council was created for the entire Middle School student body. The group represents students and their views on all school issues. Its purpose is to develop attitudes and practices of good citizenship, the promotion of harmonious relationships in school, and improvement of school morale. Additionally, the council provides a place for student expression and for orderly direction of school activities.

### Yearbook:

The Middle School Yearbook is published in June. Sixth, seventh and eighth graders are welcome to join the yearbook staff but must attend a minimum of once-a-week meetings. As the publication deadline nears, students also work during vacation time and weekends.

Students will learn basics of marching and a simple routine to be performed with the band on Memorial Day.

## **Middle School Jazz Ensemble:**

Students in grades 6-8 who are interested must audition to participate. The group has rehearsals during evening hours.

## **Middle School Chorale:**

Students in grades 6-9 may participate. Auditions are required. Students practice once a week after school.

# HIGH SCHOOL INFORMATION

## (Attendance Policy continued from previous page)

- Leaving school grounds is only permitted after permission has been granted by the Nurse, Attendance Office or appropriate Assistant Principal. The Attendance Office will grant permission after the student has delivered a signed note from a parent or guardian. Before leaving school grounds, all students must sign out at the Attendance Office.
- When students are absent, parents or guardians should call the school before 7:30 a.m. at 266.3233. An answering machine is available for messages 24 hours a day.
- Absence Notes – Students who have been absent from school are required by law to bring a note from parents on the first day of their return to school. Notes are to be turned in to the students' first period teachers and must indicate: date(s) on which the students were absent and specific reasons for absence.

## School/Classroom Expectations:

There is a positive correlation between regular attendance at school and academic success. Our school has an obligation to expect regular attendance and punctuality from our students in school and class. Students have a responsibility to come to school regularly and to be on time to school and to all their classes. Parents have a responsibility to see that their children meet these requirements.

Each student will receive a copy of the Student/Parent Handbook that clarifies attendance expectations for students.

**Trading Post:** The Trading Post is open during lunch periods.

## Disciplinary Measures:

The two Assistant Principals conduct disciplinary actions that are needed to maintain a pleasant atmosphere that is conducive to learning. Problems which hinder the learning process or endanger the common good will be given prompt attention. Any violations of school regulations, or the District's Code of Conduct, will be acted upon appropriately by assistant principals and/or the principal of the school.

The Assistant Principal for Student Activities is in charge of discipline for grades 11 and 12, and all attendance matters. The Assistant Principal for Curriculum and Instruction handles discipline for grades 9 and 10.

## Guidance:

Guidance services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational information and/or social concerns, or any questions students feel they would like to discuss with their counselors. Students wishing to visit a counselor should contact the secretary in the Guidance Office to arrange for an appointment at 266.3240.

## Health Services:

The Education Law of New York State requires that each new entrant to the district and all students entering grade 10 receive a physical examination by family physicians or by the school physician. The family physician needs to fill out a form available in the Health Office.

If a student has a physical completed by a family doctor, submit the physician's report to the nurse at the beginning of the semester. The law also requires students to be fully immunized, and that certification from their own physicians be presented upon entry to school.

## Library Media Center:

The Library Media Center is open for all students from 7:00 a.m.- 3:00 p.m. Monday- Thursday, and 7:00 a.m.-2:20 p.m. on Friday.

## Student Motor Vehicles:

Parking space for students at Whitesboro High School is limited. Seniors have priority for parking privileges. Student permission to park on school grounds is a privilege and is granted only by the school administration. Each student requesting permission to drive an automobile to school will be required to have a parent/guardian sign a statement authorizing the student to drive and to use a specific automobile.

The following procedures pertain to parking on school grounds:

- All vehicles must be registered in the Student Activities Office. Unregistered vehicles are subject to removal from school property at the owner's expense.
- Parking for student vehicles is designated by white lines. This parking area is located in the three parking lots adjacent to the north entrance and the west part of the north parking lot. All other staff parking areas are designated by yellow lines including the north parking lot. Students are to use the north entrance only.
- Parking lots and student cars are off limits during school hours.
- Permission must be obtained through administration before a student vehicle can be removed from school grounds during school hours.
- Non-registered motor vehicles such as ATV's, snowmobiles and dirt bikes are not allowed on school grounds.
- Parking for motorcycles is permitted in designated parking areas.
- It is important that students read the rules and regulations concerning motor vehicle use that is made available at the time of registration. Unsafe driving, improper parking, or other disciplinary infractions will result in loss of parking privileges.

## Student Visitors:

For the sake of order and the safety of our students, student visitors are normally discouraged. For more information, contact the Assistant Principal for Student Activities.

# DRUG-FREE SCHOOLS & SECTION 504

---

## Drug-Free Zones

The Whitesboro Central District is a Drug-Free School Zone. This zone consists of the area within the real property boundary of all schools within the Whitesboro Central School District, together with 1,000 feet beyond said real property boundary.

In September 1993, the Board of Education recognized the grave threat posed by the actual or threatened illegal sale of controlled substances to children and declared its support of the efforts of local law enforcement agencies to eradicate the sale of controlled substances and illegal drugs on school grounds and support for increased criminal penalties for sale of controlled substances within this Drug-Free School Zone.

The designation was made in response to the New York State Legislature amendment to the Penal Law to increase the criminal penalties for persons convicted of the sale of a controlled substance in or near school grounds. State and federal laws defined “school grounds” as including any building, athletic playing field, playground or land within the real property boundary line of an elementary, parochial, intermediate, junior high, vocational or high school, together with the area within 1,000 feet of the real property boundary line.

## Prevention Programs

Whitesboro schools emphasize PREVENTION as their primary approach to dealing with substance abuse.

Each elementary school (grades four and five only) has a “Just Say No Club” providing extracurricular activities to supplement the district’s drug, health and AIDS curriculum. The students participate in “positive alternatives” including offering community services to area nursing homes and local food banks, and contributions to charitable causes and organization. They also continue to learn and practice skills needed to cope with real life circumstances. The sixth grade has an extracurricular program, “Kids on the Block,” a puppetry troupe that presents skits on drug abuse and divorce issues to the fourth and fifth graders annually. The advisor to Kids on the Block, and her assistants present an AIDS awareness skit to the sixth grade health classes. Students in grades 6-7 participate in the Life Skills Training Program. This program consists of drug resistance skills, personal self-management skills and social skills development. To find out more specific information about any of the prevention programs within the district, parents and community members may contact their child’s school.

## Section 504 Policy

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a disability in any program receiving federal financial assistance. Section 504 defines a person with a disability as anyone who has a mental or physical impairment which substantially limits one or more major life activities such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working; has a record of such impairment; or is regarded as having such an impairment.

The Whitesboro Central School District acknowledges its responsibility under section 504 to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability shall knowingly be permitted in any program or practices in the school district.

Under Section 504, the school district has the responsibility to identify, evaluate and, if the student is determined to be eligible under Section 504, to offer access to appropriate educational services.

If the parent or person in the parental relationship disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer or designated school official.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. The act gives the parent or guardian the right to:

1. inspect and review his/her child’s educational records;
2. make copies of these records;
3. receive a list of all individuals having access to those records;
4. ask for an explanation of any item in the records;
5. ask for an amendment to any report on the grounds that it is inaccurate, misleading or violates the child’s rights; and
6. a hearing on the issue if the school refuses to make the amendment.

Any alleged grievances should be reported to Section 504 Coordinator Beth Ann Blynt at 266.3240

# Health/Immunization Requirements for School Attendance

In accordance with statutes referencing requirements for students to be immunized, the Whitesboro Central School District recognizes the necessity of immunization to protect individual students, as well as groups of students, from communicable diseases. In addition, the Whitesboro Central School District recognizes the importance and responsibility to protect any and all students from contact with individuals who have not been properly immunized and, because of this, may affect the health, safety and welfare of the individual and the student body in general.

Pursuant to assuming the responsibility to protect all of its students, the district adopts the following policy/procedures.

## Student Physicals

The Education Law of New York State requires that each new entrant to the district and students in grades kindergarten, second, fourth, seventh and tenth must have a physical examination, either by the family physician or school nurse practitioner. Please communicate with the school nurse if your family physician/nurse practitioner will provide the physical examination. The family physician/nurse practitioner must complete a physician's report form and submit it to the school nurse. The school nurse will provide vision, height, weight and scoliosis screening.

## Sports Physicals and Health History Updates

A physical within the year must be on file in the health office. As a requirement of the New York State Education Department, a **Health History Update** must be completed by parent/guardian prior to the sport start date. A physical exam form and Health History Update **must** be returned to the Health Office to be approved for a sport. Without approval from the Health Office, a student **will not be able to try out or practice.**

## Medication During the School Day

School policies regarding administration of medication are consistent with procedures established by State Education Law.

For students to receive medication (prescription or **nonprescription**, including cough drops and other **“over-the-counter”** drugs) during the school day, the following procedures **MUST** be followed and renewed each year:

- The parent or legal guardian must submit a written request to the school authorities together with a written request from the prescribing physician indicating the frequency and dosage.
- The medication must be brought to the school by a responsible adult in the original container labeled with the name of the drug and the dosage. Unless these procedures are followed, medications will **NOT** be administered in school.

**STUDENTS MAY NOT CARRY MEDICATION WITH THEM.**

# District Information

## The Whitesboro Teacher Resource and Computer Training Center (WTC)

**WTC** was established in July 1987 is part of a network of 127 centers, which serve some 660 public school districts and BOCES, as well as hundreds of non-public schools across all regions of the state. This network provides cost-effective, systematic, ongoing professional education services to teachers.

**Over the years, the WTC has expanded both the scope and depth of services offered**, and has become an educational service center. A Policy Board comprised of representatives from the Board of Education, teachers, business/industry, higher education, administration and parents governs the WTC. The Center works collaboratively with the district to provide affordable training in technology and innovative teaching practices to its constituents based on locally determined needs.

The Center also supports a Curriculum Materials Center open to staff and the community. The library contains instructional materials, technological equipment, an Ellison die-cut machine, laminator, poster-maker; professional literature and a lending library on parent education. All stakeholders are encouraged to participate in Center activities, and in many cases special programs are offered for parents and other community groups.

### **To help students achieve higher standards, the WTC works with educators to:**

- Strengthen teamwork among teachers across disciplines.
- Develop curriculum that connects to students lives
- Design class activities that engage all students
- Manage a classroom more effectively
- Apply state standards in a meaningful way for students.

**The WTC provides a structure for teachers to take charge of their own professional growth**, and affords them an opportunity to share with one another the tremendous expertise that they possess. Professional development opportunities include new teacher training and support, mentoring and induction, peer coaching, collegial circles, mini-grants, and research opportunities, as well as a full complement of topics offered in more traditional workshop or course formats. For more information on the Whitesboro Teacher Resource and Computer Training Center call 266.3313.

## Network and Internet Use Policies

WCS provides students access to the district computer network for educational goals and objectives. Responsible and appropriate behavior is expected on computer networks as it is in any classroom or hallway. The district provides supervision and security software to monitor the network.

Network storage may be treated like school lockers. Network administrators may review files to maintain system integrity and insure that the system is used responsibly. Users should not expect that files stored on district computers or servers will be private.

### **Users Responsibilities:**

Users will:

- Use computer networks and Internet for appropriate educational purposes
- Use hardware/software responsibly.
- Keep inappropriate text files and files known to carry harmful computer viruses from school premises.
- Keep food and drink away from computers.

Users will **not**:

- Keep, print, or access any material that is deemed inappropriate for school use on the network.
- Violate copyright laws.
- Plagiarize or use information without attribution.
- Use another's password.
- Trespass in another's folders, work, or files.
- Intentionally waste limited resources.
- Employ the network for commercial purposes.

Violations will result in loss of access as well as other disciplinary or legal action. Disciplinary referrals include teacher and administrator action taken and will be cumulative (K-12) in nature. Determination of inappropriate use of the network and/or Internet will be made by the school district.

Further information regarding district computer policies is on file for review in the Board of Education Policy Handbook. This is available in any school office.

## Policy Regarding Use of Whitesboro Central Schools' Facilities:

The Board of Education instituted a fee schedule for the use of buildings by outside groups. The application procedure is as follows:

- All requests for the use of school facilities by any outside organization wishing to use the facilities after school hours are to be made through the Principal's Office of the building concerned. It is suggested that groups make requests at least four weeks in advance of submitting applications. Individuals or organizations must fill out "Use of Building by Non-School Organization" forms. A proof of liability insurance is required with all forms. All requests for traditional and established programs will be filed through established procedures. It takes approximately a two-week period to process the paperwork for requests.
- All other requests must be cleared through the Superintendent, who, when he feels necessary, will submit the request to the Board of Education, in addition to the principal concerned. All uses of the Whitesboro Central School facilities must be approved by the Board of Education. Adequate application must be made so requests may be processed through the Board of Education.
- Whitesboro Central School facilities shall not be used for: Partisan political meetings; labor union meetings; promulgating any theory or doctrine subversive to the laws of the United States or any political division thereof advocating governmental change by violence; any activity that may violate the canons of good morals, manners or taste, or be injurious to buildings, grounds or equipment; any purpose in conflict with school activities; commercial advertising; and/or any activity prohibited by Education Law or by the State of New York.

# GENERAL INFORMATION

## Student Directory Information Policy

New York state law allows school districts to release student directory information to an outside group without individual consent. Parents or eligible students have the right to refuse the release of such information by notifying Ms. Beth Ann Blynt Records Information Officer, in writing no later than October 1 of the school year. Following this response period, the District may release such information.

The Family Education and Rights Privacy Act (FERPA) defines student directory information as the following: name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height (if members of athletic teams), degrees and awards received, and the name of the educational agency or institution previously attended by the student.

## Policy on Attire K-12

In the interest of promoting a learning environment free from disruption and one that adheres to New York state's standards regarding health and safety, the following guidelines will apply to the entire Whitesboro Central School student body. Attire which has the potential to cause a disturbance in the classroom, endangers the student wearing such attire or other students, or is so distracting as to interfere with the learning or teaching process will be prohibited.

The following exemplifies such attire: (1) Clothing with potential to reveal private body parts; (2) Clothing with obscene language, including expression or insignia which is obscene or libelous, or which advocates racial or religious prejudice; and (3) Clothing with graphic depiction of indecent behavior. Please note that individual schools may have additional specifications for attire requirements.

# DISTRICT MEAL PROGRAMS

## Free and Reduced Meal Program

The Whitesboro Central School District is offering a free and reduced meal program for Whitesboro students.

Local school officials have adopted the following family eligibility criteria to assist them in determining eligibility: children who receive free or reduced price meals are treated the same as children who pay for meals.

Families with incomes at or below the amount of money listed for their family size may be eligible for and are urged to apply for free and/or reduced price meals. They may do so by filling out the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school.

If students are not eligible now, but during the year a family member becomes unemployed, a family increases in size, or there is a decrease in household income, applications may be submitted any time during the school year to the Food Service Department.

## Breakfast Program

Students at Westmoreland Road, Deerfield and Marcy Elementary Schools can purchase breakfast in the school cafeteria. Breakfast can also be purchased at the High School. Breakfast includes a hot and/or cold entree, such as waffle and fruit and juice, or cold cereal and juice.

Bus schedules will not change as a result of this program. Students who decide to buy breakfast will go to the cafeteria after their bus arrives. Any questions should be directed to the appropriate school principal.

Also, a reminder that WCSD is seeking a breakfast exemption for the 2013-2014 school year for the Parkway School and Hart's Hill Elementary School due to low participation in the past.

Prepayment of meals is advised at the elementary level. Details of the prepayment plan will be included in the packet sent home the first day of school.

# WHITESBORO CENTRAL SCHOOL ATHLETIC DEPARTMENT

## PROCEDURES FOR DETERMINING ACADEMIC ELIGIBILITY

- I. These guidelines apply to all High School athletic activities in which students participate, and extend to any student(s) enrolled in the Middle School and participating in a High School athletic activity:
- II. It is the responsibility of teachers to provide an evaluation of students commencing with the third full week of the first semester for courses commencing that semester, and the third full week of the second semester for courses commencing that semester. Subsequently, every two weeks, a formal report will be completed by all teachers for any/all athletes who are failing during the bi-weekly report period. Reports are due to the athletic director by the close of school, Wednesday (second week of report period). The athletic director or designee will tabulate the information and be responsible for notifying the respective coach(es).
  - A. An athlete failing two or more courses will become ineligible for one week (Monday through Sunday) following the submission of the bi-weekly report. While ineligible, the student must practice and attend games, but may not participate in games.
    1. During the period of ineligibility, the student must meet with his/her teacher(s) to discuss those areas in which he/she needs to improve. Each teacher shall inform the respective student(s) of the area(s) in need of improvement and direct him/her in a manner to address the deficiencies in those area(s) identified.
    2. Prior to reporting to practice during the period of ineligibility, students must attend extra help sessions to be scheduled by the teacher(s).
    3. On the Friday of the week of ineligibility, the respective student must obtain a report from his/her teacher in those course(s) reported as failed. If he/she is no longer failing two or more courses, he/she shall be reinstated in the respective athletic program. If still failing at least two courses, the ineligibility shall continue for another week.
  - B. The parent/guardian shall be notified in writing (form letter) by the athletic director or designee that the student is ineligible, and the period of such ineligibility. The parent/guardian shall also be notified in writing (form letter) when the student becomes eligible.
- III. Students who have been classified by the Committee on Special Education and who are failing two or more courses shall be subject to review by the teacher(s) of the failed courses and the special education teacher(s) for the respective student(s).
- IV. APPEAL PROCESS: There shall be an appeal process which, if exercised, shall commence with the student discussing/clarifying the failures with his/her teacher(s). If, after such discussion, the failure(s) continues to be in dispute, a student and his/her parent/guardian, may request a meeting with the athletic director/principal or designee and if necessary, the respective teacher. If the dispute continues at the conclusion of this stage, the parent/guardian may appeal the decision to the Superintendent or his/her designee.
- V. It shall be the responsibility of the athletic director and the respective coach(es) to provide a copy of these guidelines along with the "Contestant Policies for Interscholastic Athletics," to all students desiring to participate in athletic activities. It shall be the responsibility of the respective parent/guardian and the student to review these regulations, and sign a statement indicating that they have been received and reviewed and that the student's participation in the athletic activity will be subject to these regulations as stated.
